**Subject:** Benning Road Metal Excursion Follow-up Letter  
**Attachments:** Metal Excursion Follow Up Letter to EPA Sept 2013 Final.doc; Load\_Reduction\_Calculation\_9-12-2013\_Outfall13Q\_.xls

Ms. Hopkins,

This email is a follow-up to the September 30, 2013 notification of a metal excursion of copper and zinc from a storm water grab sample taken at the Benning Generating Station Outfall 013Q NPDES Permit No. 0000094. The attached explanation letter and status update is for your review a hard copy of the explanation letter will be mailed to your attention.

If further information regarding the metal excursion is needed please contact me at your earliest convenience.

Regards,

*Michael V. Williams*
